CARRIED FORWARD

The County's economic development plan is still open to you. Applications for the stakeholder group are open right now and you can put your own name in — no nomination, no waiting to be asked. If you build, expand or develop anything around here, this is the one to keep an eye on.

> **Two County mining sessions left.** Monday October 5, 6 p.m. and Wednesday October 7, 6 p.m., both at the Government Center, 5100 Bullion St. Both are available online.
>
> **Know a business that should be here?** Use the Invite a business button at mcba.gathermariposa.com. Nothing shows on the directory until they say yes.
>
> **What shows on the member directory has changed.** Every listing now shows business name, owner, title, logo, website, description and category. Phone, email, address, cell, socials and photo stay hidden unless you switch them on at mcba.gathermariposa.com/me/.

STANDING REMINDERS

Bring a merchant. Invite a new business owner. The more of us in the room, the better this works. Anything we do not get to rolls over to next month. Small fix from September's minutes: it is Carlyn Carter Consulting (Carlyn Wice), not "Carl Carter Consulting."
